

Self managed event coordinated by  
PhD students, Postdocs, Research  
Fellows and scholarship holders from  
the Veterinary Medicine Department of  
the University of Perugia

# GAME OF RESEARCH

VETERINARY SHARING DAY

**Veterinary Medicine Department, Via San Costanzo, 4  
12 June 2017 - 9.30-16.00**

## What is a “Veterinary Sharing Day?”

It is an opportunity for young scientist to effectively share their work with broader audiences in order to promote the awareness and appreciation of the scientific research conducted at the University of Perugia.

### Organising Committee:

Elisa Rampacci  
Greta Foiani  
Linda Petrucci  
Marcella Sabino  
Martina Crociati  
Martina Sebastianelli

## PROGRAMME

- 09.30-10.00 OPENING SESSION OF THE FIRST GAME OF RESEARCH:  
VETERINARY SHARING DAY**
- 10.00-11.15 ORAL COMMUNICATIONS**
- 10.00-10.15** “Dry powder formulations of azithromycin and rifampicin alone and in binary combinations: comparative cytotoxicity and efficacy against *Rhodococcus equi*” **Elisa Rampacci**
- 10.15-10.30** “*Toxoplasma gondii* in breeding pigs in Estonia - a seroepidemiological study” **Azzurra Santoro**
- 10.30-10.45** “Phytogenic feed additives in animal nutrition” **Claudio Forte**
- 10.45-11.00** “Oral administration of calcium butyrate does not prevent swine dysentery” **Lucilla Cucco**
- 11.00-11.15** “The expression of Toll-like receptor 4, interleukin-1 $\beta$  and tumor necrosis factor- $\alpha$  in the uterus and oviduct of rabbit does after local administration of lypopolysaccharide” **Julia Elena Filipescu**
- 11.15-11.30** Coffee Break
- 11.30-12.45 ORAL COMMUNICATIONS**
- 11.30-11.45** “Patterns of miRNA expression in canine meningioma” **Greta Foiani**
- 11.45-12.00** “Clinical trials: when researchers meet contract research organizations (CROs)” **Giulia Morganti**
- 12.00-12.15** “Blood pressure measurements in cats with urethral obstruction”  
**Vasilica Flory Petrescu**
- 12.15-12.30** “Pericardial and serum Cardiac Troponin I concentrations in dogs with pericardial effusion” **Laura Valli**
- 12.30-12.45** “Effects of anabolic doses of dexamethasone on thymus morphology in chianina young bulls” **Martina Sebastianelli**
- 12.45-14.30 LUNCH BREAK AND POSTER SESSION**
- 14.30-15.00 THE IMPORTANCE OF SHARING: TEAMWORK EXPERIENCES**
- 14.30-14.45** “Always Keep An Eye Out: a case of canine uveal metastatic melanoma”  
**Ilaria Porcellato, Giulia Moretti**
- 14.45-15.00** “Lymphomatosis cerebri in a dog: from clinical signs to neuropathological examination” **Greta Foiani, Giulia Moretti, Laura Valli, Lisa Schibalski**
- 15.00-15.45 TRAVELLING SCIENTISTS: INTERNATIONAL TRAINING**
- 15.00-15.15** Training in France: “The little-known side of veterinary medicine: the OIE official disease status recognition policy” **Maria Luisa Danzetta**
- 15.15-15.30** Training in Estonia: “Molecular characterization of *Cryptosporidium parvum* infections in calves from Estonia-preliminary results”  
**Azzurra Santoro**
- 15.30-15.45** Training in Israel: “Hachaklait - mutual society for cattle insurance & veterinary services in Israel ltd: an externship experience”  
**Martina Crociati**
- 15.45-16.00 CLOSING REMARKS**
- Moderators:  
Ilaria Porcellato, Valentina Stefanetti**
